Hi Mat & Stephane, we're formally requesting the below with the same participants as the Friday, Jan 28 meeting at 9 am PLUS reps from OCTranspo. Happy to answer any questions, or chat.

**

Hello,

Given the ongoing nature of the demonstrations with some suggestions that there are more to come, we are requesting another meeting with all relevant parties to discuss and confirm the following:

- Continued road closures beyond Sunday, January 30, 2022
- Ongoing impact of the demonstrations on the downtown core
- When communications and messaging will be made public
- What and when can we communicate with our members to ensure they're adequately prepared for the impacts to their businesses.

There have been some exchanges of information suggesting that this will be beyond today, possibly running into Monday and Tuesday. There have also been some outlets reporting the possibility of this extending well into the week and businesses and residents are looking for details so they may plan accordingly. There have also been indications that OCTranspo and STO are possibly not serving the downtown core until early into the week.

We request an additional meeting with the relevant BIAs, OPS, Traffic, Bylaw, and ask that OCTranspo be an addition to this meeting to ensure that we have the most accurate information and can adequately inform membership such that they are able to keep their staff and businesses safe, while also not contributing to the gridlock for those who must travel in.

Again, we recognize that we are not privy to operational plans and staffing; however, are asking for clear, confirmed information to support our membership.

Sincerely,

--

Kalin McCluskey
